

Other urns, caskets and scattering containers

The standard plastic urn is supplied by the crematorium. Each crematorium is slightly different in its provision. There is no additional charge for this urn. It is robust and practical and ideal for scattering the remains from. It is generally not acceptable for burial.

A cardboard scattering tube with a choice of finishes. Here we see two woodland settings; £35.00

This casket is constructed from cardboard and covered with dried leaves. They are available in a variety of shapes and coloured finishes; £35.00

Other stone, ceramic and metal caskets are available on request.
