

## **Service Sheets - Printing**

At Tapper Funeral Service we are often asked to provide printed literature for a funeral, this may be a number of different items. Most frequently, an Order of Service is printed that details the parts of the funeral service and those taking part. The words of the hymns are also printed making the Order of Service not only a useful part of the funeral service but an ongoing memorial to the person who has died.

Other items we are asked to print include the following:

- Invitations to the funeral
- Maps
- Thank you cards
- Memorial cards

A variety of cards and print styles are available. Reproduction of photographs on to Order of Service is proving very popular.

The cost can vary considerably depending on a number of factors, not least the card used and the complexity of the item.
