

Harbour View

CREMATORIUM | FUNERAL HOME | WOODLAND BURIAL GROUND

Welcome

Dear Visitor,

I would like to welcome you to Harbour View.

If your visit to us is at a difficult time for you and your family, please be assured that we are here to help you in every way that we can.

As you will see, Harbour View is no ordinary funeral facility. We have a fully serviced funeral home as well as a crematorium and woodland burial ground. We are very fortunate to occupy a position that enjoys a host of wildlife and nature along with dramatic views of Poole Harbour, the Purbeck Hills and Corfe Castle.

We believe that we can accommodate most people's wishes, whether a traditional ceremony or something more contemporary or perhaps unusual. We cater for families from all areas and from any religious or secular background; Harbour View is for everyone.

Following a bereavement, everything you need is available here in one location.

Whether the funeral be a cremation or a burial, from coffin selection to chapel visiting, floristry and memorial commemoration, it is all under 'one-roof'. We are also able to help you to host a wake for your family and friends, whether this is a cup of tea and cake or a sit-down lunch.

We are pleased to offer guided visits around Harbour View. If you would like a member of our team to show you around, please telephone in advance so we can ensure staff availability and reserve the passenger buggy should you require assistance. Those who prefer to explore independently are welcome to do so without an appointment; the grounds are open daily during daylight hours.

If you would like to speak to us, please call 01202 630111. We will do everything we can to help you.

Rachel

Executive Manager of Harbour View
rachellawton@harbourview.co.uk

Harbour View

CREMATORIUM | FUNERAL HOME | WOODLAND BURIAL GROUND

A guide to Harbour View

OPENING HOURS

For safety, we recommend visiting graves during daylight hours. Our Reception is open Monday to Friday, 8:30am–5pm, and Saturdays 9:00am–4pm, with other times available by appointment. As we may be with other families or out in the grounds, please phone ahead if you will need our assistance.

FUNERAL TIMES

Although usually during normal working hours there is no restriction to times other than we may need to reflect overtime costs in our charges.

COFFINS

We have an extensive range from which you may select. From veneered woods, to timber and more sustainable options like willow/wicker, cardboard and others. We will consider alternatives should you wish to ask.

PREPAID FUNERAL PLANS

We offer pre-paid funeral plans at Harbour View of which can be tailored to your needs. Please see page 17 for more information.

FEES

Our current price list is available on our website. There are no enhanced fees at Harbour View when arrangements are made directly with us or through any Tapper Funeral Service branch. Our team can provide quotations based on your wishes, whether for a funeral or memorialisation.

FUNERAL CEREMONIES/SERVICES

We have a number of options available on site and further afield. Please see page 4.

REFRESHMENTS FOLLOWING A FUNERAL

We have a number of options available. Please see page 11.

MEMORIALS

We have a number of options available. Please see page 14.

MAINTENANCE/INSURANCE

Memorial stones are durable but do weather over time. We offer professional cleaning and renovation, with weathered and discoloured stones often greatly improved. The service is £45 + VAT, with an additional cost for letter re-painting if needed.

We also offer memorial insurance, covering repair or full replacement should a memorial be damaged or stolen, though such incidents are rare. Please request a quote if you would like cover. As insurance is recommended and offered at a low cost, we cannot accept responsibility for any damage to memorials in the grounds.

GRAVEDIGGING

Grave preparation is always carried out by our staff. It involves mechanical equipment with the earth from an open grave being placed to one side, which can mean temporarily covering nearby older graves for a day or two. While this may be unsettling for visitors, it is an unavoidable part of managing an active Woodland Burial Ground.

EXCLUSIVE RIGHTS OF BURIAL

Families may purchase the Right to use a burial or cremation plot, for 40 years. You have the option to extend in 10-year increments up to 80 years. A Deed is issued once payment is complete. Plots can be chosen well in advance or at the time of arranging a funeral.

PROTECTION OF THOSE BURIED

For a loved one buried at Harbour View —whether a full burial or cremated remains — they are protected by law and may not be moved without formal exhumation consent from the Ministry of Justice.

RECYCLING & CARE OF FLOWERS

We are deeply committed to caring for the environment. Flowers that have passed their best are composted, and any plastic frames or trays from floral tributes are collected for re-use.

PARKING

Parking is available every day during daylight hours, either near Harbour Lodge or further along Randalls Hill by The Barn and at Reception.

VEHICLES IN THE GROUNDS

To protect the landscape, vehicles are not permitted beyond the car parks. The gravel paths are for walking only.

COFFIN CARRYING

We have a traditional wheel bier and a motorised converted buggy hearse for conveying a coffin and floral tributes around the grounds of Harbour View. In addition to this, coffin bearers are used to pall-bear a coffin in the traditional and respectful manner. Mourners may volunteer to assist with coffin bearing if they wish. For Burial, our professional bearers will be used, in accordance with Health and Safety.

TRANSPORT FOR MOURNERS

For those who find walking difficult, we have buggies to help move around the grounds. Transport to and from Harbour View can also be arranged for families.

TREES

Trees are planted at our discretion to preserve the natural woodland setting and remain the property of Harbour View.

FLOWERS & VISITING

Flowers are welcome and can be arranged through our in house floristry, to ensure they reflect the ethos of Harbour View.

Flowers that are placed on or around a grave may be removed by us once they have withered. Please note our wildlife have a strong liking for the taste of most flowers and may eat fresh blooms.

Families may leave cut flowers when visiting; we can provide one small vase per grave.

To keep the grounds tidy, no other vases or artefacts are permitted and will be removed without notice. Please remove plastic or cellophane from any flowers bought, and use the bins provided across the grounds.

PERMITTED BULBS & FLOWERS

The following natural, woodland-friendly plants may be planted at the grave of a loved one:

Clustered Bellflower
Primrose
Lent Lily
Winter Aconite
St John's Wort
Snowdrops
Field Scabious
Snake's Head
Musk Mallow
Wood Anemone
Cowslip
English Bluebell
Meadow Cranesbill
Forget-Me-Not
Cornflower
Spring Bulbs

These are best planted between September and April.

Please take care not to disturb neighbouring graves, and be aware that mowing and wildlife may affect plant survival. Planting is at your own risk.

Harbour View

CREMATORIUM | FUNERAL HOME | WOODLAND BURIAL GROUND

Funeral Service Locations

At Harbour View we have a full range of facilities for a funeral in one beautiful location; from our private chapel viewing rooms to our refreshments areas for after a funeral service.

Any type of service, whether it be religious or secular, traditional or modern, is perfectly acceptable in any of our ceremony halls.

LONG BARROW

Long Barrow is the principal building at Harbour View. Opened in 2017, it echoes ancient barrows with grassed side walls and a Sedum roof, while the interior is made of Purbeck stone, wood, and artwork, creating a calm and spiritual atmosphere.

The ceremony hall accommodates large or small gatherings, supported by full audio-visual technology. The generous space also suits acoustic music, from piano to quartets and small choirs.

For post-service gatherings, the Purbeck Tea-Room offers a bright, airy setting with views overlooking the Purbeck Hills.

THE BARN

The Barn is a mellow brick building full of character, converted to a high standard while retaining its Victorian farming roots.

The contemporary, spiritual (but not overtly religious) interior provides a warm setting for services, with space for approximately 50 people.

Large screens support photo and video tributes, and a built-in camera can webcast or record the service if required.

For post-service gatherings, refreshments can be hosted on-site in our Oak Tea-Room.

HARBOUR LODGE

The Lodge is a simple, informal wooden building resembling a log cabin. It is located near the Limberlost Junction on the northern side of Harbour View.

It is fully serviced with heating, toilets, and music and visual facilities, and the glass patio doors offer peaceful views across the grounds.

The space accommodates up to 30 people, with seating arranged in consultation with the family for an intimate setting.

Beyond the patio doors, a decked conservatory area provides a comfortable space for serving refreshments.

TROKES COPPICE CEREMONY HALL & CASTLE VIEW TEA ROOM

Opening in Autumn 2026, Trokes Coppice Ceremony Hall will be a bright, contemporary space with seating for up to 90 people, offering a flexible setting for both larger gatherings and more intimate ceremonies. The adjoining Castle View Tea Room will provide a welcoming place to gather after the service, with refreshments and views across the Purbeck landscape.

OUTDOORS

A funeral service outdoors in the grounds of Harbour View can be a very positive experience. There is something quite profound about being surrounded by the beautiful grounds and the sounds of nature while looking out over the views beyond on a pleasant day.

We have a number of positions within the grounds, such as the Henge and near the lake, which offer their own unique settings.

However, as there can be no guarantees with the weather, there is some degree of risk involved. We would recommend hiring one of our Ceremony Halls, as a back-up option, with weather permitting.

FUNERAL HOME CHAPELS AT OTHER LOCATIONS

Our funeral homes at Tapper Funeral Service provide access to a number of small intimate rooms where a funeral service can be held prior to attending Harbour View for the cremation or burial. For example, our Ceremony Halls at Poole, Broadstone, Christchurch and New Milton.

CHURCH SERVICES

Some families would prefer a service in their local church prior to attending Harbour View for the cremation or burial. We will provide the necessary hearse and bearers for this where necessary.

MARQUEE

There are a number of areas at Harbour View where a marquee can be erected to accommodate a funeral service. This may happen to be very close to a grave that is to be used for the burial, but not necessarily so. The size and type of marquee is selected subject to the needs to the day but 150 people can be accommodated.

Harbour View

CREMATORIUM | FUNERAL HOME | WOODLAND BURIAL GROUND

Burial

We refer to Harbour View as a woodland burial ground, but this is a term without an exact definition and perhaps requires some further description.

In essence, a woodland burial is no different from any other burial in that a person who has died, whether it be their body or their cremated remains, is interred into the ground.

A woodland burial ground places greater emphasis on natural surroundings and a peaceful, organic landscape. At Harbour View, our woodland is gradually extending into new areas, alongside meadows that encourage the return of wildlife and wildflowers to their natural home.

Families can still commemorate their loved one in meaningful ways—such as with small memorial stones or memorial trees—but you won't see rows of tall headstones or polished granite. The landscape remains calm, natural, and safe, making woodland burial a positive choice for the environment.

Quite simply, woodland burial means becoming part of preserving our natural heritage for future generations, while offering family and friends a gentle, beautiful place to visit and reflect.

A woodland burial can be arranged directly with Harbour View or through any Tapper Funeral Service office. Services may be religious or secular, and we are open to ideas that help families create something personal and meaningful.

Harbour View is divided into distinct areas, each with its own character. Families are welcome to choose an area or location that feels right—whether nestled in the woodland or in the open with views towards the harbour and Purbeck Hills. We warmly encourage you to visit and find the place that speaks to you.

Harbour View

CREMATORIUM | FUNERAL HOME | WOODLAND BURIAL GROUND

Cremation and Ashes

Harbour View has its own private crematorium; situated below the Long Barrow Ceremony Hall.

Harbour View Crematorium is one of only four in Dorset and the only one that is in the Purbecks.

We specialise in offering a relaxed approach, allowing plenty of time for families to celebrate the funeral service.

Cremation is different from burial in that it is not the final stage; the cremated remains still need a meaningful place of rest.

Some people find lasting comfort in having a special place to visit. We offer peaceful areas for the burial or scattering of ashes, with plots that can be used by families over generations and marked with a priory or slate stone memorial.

Other options include memorial trees, benches, shrubs, and engraved brass plaques.

The online Book of Remembrance, available through our website, offers a gentle way to remember someone special, especially for those who cannot visit Harbour View often. The Book of Remembrance can be downloaded or printed, creating a lasting memory of the wishes from family and friends.

Ashes can be incorporated into jewellery, gemstones, or glass artwork, either as a single piece or as a collection for several family members to share. Many families choose to remember their loved one in more than one way—for example, by purchasing a grave for long-term visits, scattering a small amount in a meaningful place, and keeping a personal keepsake at home.

We warmly encourage family and friends to join us when ashes are buried or scattered. Even when only a small portion is being placed within our beautiful grounds, our in house celebrant and funeral directors can provide a small service, in keeping with your wishes.

Cremation law requires a near relative or Executor to apply for the cremation and sign the relevant documentation. After the cremation has taken place, this person—known as the Applicant—is the only person we can take instructions from regarding the ashes. Written permission must be given to allow us to take instruction from another family member, friend, or representative.

Harbour View

WOODLAND BURIAL & MEMORIAL GARDENS

RECEPTION

Harbour View has facilities on site to accommodate all funeral arrangements in a private and peaceful location.

We have extensive free car parking and private rooms where we meet with families to discuss their wishes.

Based on their instructions we will be able to supply everything that is needed.

Using our in-house funeral home facilities means you do not need to appoint an external funeral director, avoiding duplicated services and unnecessary costs — for example, you will only pay for a hearse if you choose to have a cortege.

Our Chapels of Rest, set beside the old farm buildings and overlooking the burial ground, each have private access and a small garden. Families and friends are able to visit the Chapel of Rest by booking an appointment with their funeral director. Should families wish to visit outside of our opening hours, the principal next of kin or Executor can be issued with a key.

We offer a wide selection of coffins and, if required, traditional hearse and limousines. Our Jaguar fleet can leave from the family home, or an agreed location of the families choosing.

Our vehicles are kept at our sister Tapper Funeral Service offices in Poole and Christchurch and are well maintained by our dedicated staff. Our limousines can seat up to seven people.

Harbour View

CREMATORIUM | FUNERAL HOME | WOODLAND BURIAL GROUND

Floristry

Expressing your feelings at a sensitive and emotional time can often be difficult.

For centuries people have used flowers to express their sympathy and thoughts, and this remains the case today.

Different flowers have different meanings, along with colours of personal choosing, creating a personal tribute to a loved one.

A growing number of families are mindful of avoiding waste when choosing flowers, especially for cremation services where arrangements may have limited use afterwards.

Our Harbour View floristry creates traditional and modern designs, often incorporating natural materials from our surroundings. We consider both the primary purpose of the flowers and any thoughtful secondary use – such as decorating a grave or being enjoyed during post-service refreshments.

Being part of the Harbour View team, our florists have access to all of the information relating to the funeral and can make suggestions based on your wishes.

Our florists encourage families to choose arrangements that include foliage and natural materials gathered from our own land at Harbour View.

Families are welcome to join our florists in foraging and helping create the tributes, an experience many find deeply therapeutic and personally meaningful. People are often surprised by the abundance of beautiful, natural produce growing here within the grounds.

Floral tributes hold even greater meaning when family and friends are involved and when we use home-grown foliage and natural materials from our own land.

With sustainability in mind, we are committed to re-using and recycling wherever possible and composting when we cannot.

Most arrangements include plastic frames, which we collect and re-use once the flowers have served their purpose. Where suitable, we also re-use greenery or wood that has a longer life than the blooms themselves.

Harbour View

CREMATORIUM | FUNERAL HOME | WOODLAND BURIAL GROUND

Music and Visual Reproduction

Use of photographs and videos during a service help to create a beautiful and lasting visual tribute. In recent times, this has become an important part of modern funeral services.

Similarly, most bereaved families wish to select music that reflects the life of the person that has died.

We have modern music facilities in all ceremony halls at Harbour View and can play any commercially available piece of music. There is no charge for using our music equipment.

If hymns are chosen, we can provide recorded versions — with or without choir — or arrange a traditional organist or other musicians if preferred.

Our Ceremony Halls also feature large screens, allowing families to share photographs or videos as part of a visual tribute. These facilities are also available within the Tea Rooms across Harbour View, allowing for further images to be shown and admired.

A visual tribute can be as simple as a single photograph shown throughout the service, or a slideshow of favourite images that offers a gentle 'trip down memory lane', often set to a meaningful piece of music.

We create these tributes in partnership with Obitus.

You'll receive a link to their website, where you can easily upload photographs for the slideshow. As all tributes are produced through Obitus, we're not able to accept photos or video directly. Obitus charges a fee based on the service chosen, which will be added to the final funeral invoice.

Harbour View

CREMATORIUM | FUNERAL HOME | WOODLAND BURIAL GROUND

Wakes and Refreshments

After a funeral, families often like to host their friends with some refreshments.

This is an opportunity to relax and to remember the person that has died in a less formal way than during the funeral service. These events are often referred to as wakes.

A wake is often most meaningful when it's easy for everyone to gather — and hosting it at Harbour View can offer just that.

We provide a wide range of menus for any size of group, from simple tea and biscuits to hot and cold buffets with optional Champagne receptions, all served by our attentive waiting staff.

Families can choose from several rooms for their refreshments, each with its own character and capacity.

The Purbeck Tea-Room, our largest space adjoining the Long Barrow, offers striking views across the grounds to the Purbeck Hills.

For those using The Barn, the adjoining Oak Tea Room provides a comfortable setting for refreshments and conversation after the service.

Harbour Lodge is also available as a separate, self-contained space — ideal for smaller gatherings or families seeking a more intimate atmosphere.

All of our rooms include modern audio-visual facilities, perfect for sharing photographic stories and continuing the celebration of a life.

Harbour View

CREMATORIUM | FUNERAL HOME | WOODLAND BURIAL GROUND

Home Farm

Home Farm is an integral part of our grounds and our environmental vision. It's a working, sustainable farm managed by our dedicated team to support local wildlife, reduce our environmental impact, and enrich the lives of those who visit us. It plays a vital role behind the scenes, helping Harbour View operate in harmony with nature.

At Harbour View, we believe saying goodbye shouldn't damage the earth. Home Farm is just one of the many ways we're working to create a greener, more meaningful alternative for families who value sustainability and connection to the land.

A CIRCLE OF SUSTAINABILITY

Everything at Home Farm plays a part in our commitment to operating responsibly and sustainably.

Alongside our solar energy, natural burial options, and low-impact practices, Home Farm helps us reduce our environmental footprint while enhancing the natural beauty of the site.

We minimise pesticide use, compost floral tributes and food waste to avoid landfill, and encourage natural coffins to lessen the ecological impact of each service.

Since 2005, more than 10,000 trees have been planted across the grounds, and our metal recovery programme has raised thousands of pounds for local hospices.

Home Farm is simply the latest chapter in our ongoing dedication to caring for the environment.

FROM FARM TO TABLE

Our polytunnels are filled with seasonal produce — fruits, vegetables, and fresh herbs used by our catering team for funeral gatherings, remembrance teas, and community events. Sharing food grown on the same land where families come to remember brings a gentle sense of comfort and connection.

RARE BREED CHICKENS AND HOME-PRODUCED HONEY

Our rare-breed chickens are one of the quiet joys of Home Farm. Their flock, usually numbering between 50 and 100, is lovingly cared for by our team, and their eggs are used in our kitchens — adding another gentle layer of natural, sustainable self-sufficiency to everything we do.

Our beehives play an equally important role. The bees support pollination across the site, strengthening biodiversity and producing honey that our catering team uses in cakes and refreshments. It's all part of our commitment to working with nature.

WILDFLOWERS AND BIODIVERSITY

Wildflowers bloom throughout our grounds, bringing colour and calm while providing vital support for bees and other pollinators.

Our in-house floristry team uses these blooms to create natural floral tributes and arrangements, offering a reminder that nature can be part of every farewell.

We've also installed a purpose-built bat hotel, giving native bat species a safe place to roost and helping protect these important nocturnal pollinators.

ORCHARD

Our orchard also provides fruit for cakes, preserves, and refreshments served across Harbour View. It's a simple, meaningful way the land supports those who visit, creating a quiet feeling of everything coming full circle.

Harbour View

CREMATORIUM | FUNERAL HOME | WOODLAND BURIAL GROUND

Cremation Memorials to take Home

Cremated remains can be used in a variety of meaningful ways, and even a small amount can create a lasting keepsake.

Families may choose personal items to keep at home or wear, while still being able to bury or scatter the main portion of the ashes.

JEWELLERY

Many families choose jewellery that holds a small amount of cremated remains, such as a locket on a neck chain. Ashes can also be incorporated into rings, pendants or cufflinks. For those seeking something truly unique, the carbon within cremated remains can be transformed into a gemstone with the same qualities as a diamond, which can then be set into any piece of jewellery.

GLASS ART

Cremated remains can be combined with coloured glass to create a beautiful, patterned wall piece. A range of designs are available, or a bespoke artwork can be created as a one-off tribute.

KEEPSAKE URNS

Small keepsake urns allow a discreet amount of cremated remains to be kept at home. Our collection includes ceramic, metal, wooden and biodegradable designs, offering something to suit every preference.

MEMORY BOOKS

Creating a memory book can be a comforting and reflective process. These books often bring together photographs, stories and treasured moments, and can be printed for different family members and future generations. We can help design, compile and print memory books to ensure they become a cherished part of your family's history.

Harbour View

CREMATORIUM | FUNERAL HOME | WOODLAND BURIAL GROUND

Memorials within Harbour View

We offer a number of ways to commemorate the person that has died using memorials designed to complement the natural landscape we inhabit.

You will not find any large headstones or polished granites; these would not be in keeping with a woodland burial ground. All memorials are supplied by us and must be ordered via our office.

The principal memorial at Harbour View is a grave with a low-lying tablet, engraved with the name and chosen words of commemoration. We offer a range of materials and sizes, reflecting the different dimensions of full-size and cremated-remains graves. Cremated-remains graves, though smaller, can hold the remains of several family members over time. A grave provides a permanent resting place, a point of family connection, and a private space for remembrance.

MEMORIAL STONES

Memorial stones are available in priory or slate, each a wedge-shaped tablet that lies flat, with the angled face making inscriptions easy to read and helping rainwater run off. Close to the grave they are visible, but from a distance they sit discreetly within the landscape.

For full-size graves, 18" x 12" tablets are available in landscape or portrait. Smaller tablets (up to 12" x 12") are used for cremated-remains graves.

All sizes and materials are kept in stock, but due to strict memorial criteria, orders must be placed through our office.

Priory — A warm, light-cream stone with a traditional, timeless appearance. The inscription is finished in black, giving a clear, elegant contrast.

Slate — A dark grey, highly durable material with a natural beauty. Inscriptions can be cut in a deep unpainted V for a light-and-shadow effect, or cut and finished in light grey paint.

To ensure long-term care of your memorial, we recommend a maintenance agreement. For a modest annual fee, we will clean the stone as needed, and lift and re-set it once a year (this does not include re-painting the inscription, which we will advise on if needed). We also recommend taking out memorial insurance, as occasional damage can occur and is not always traceable. Insurance is low-cost and helps remove the financial burden should your memorial ever be damaged.

MEMORIAL TREES AND SHRUBS

Harbour View is home to thousands of trees and shrubs, from long-established specimens to newly planted saplings, set among formal borders, hedgerows, and our woodland burial areas. Families may choose a tree or shrub as a memorial, marked with an engraved brass plaque on a wooden stand.

Memorials are leased on an ongoing basis, with no minimum term, from £5 per month by direct debit.

Although dedicated to a family, each tree or shrub remains part of the wider landscape, and our team carries out all maintenance to preserve the natural character of the grounds.

PRIVATE MEMORIAL GARDENS

Families may also create a private memorial garden within a dedicated area of Harbour View. The size and location are agreed on request, and our head groundsman will help shape the design, including the style of memorial. Many of these gardens enjoy peaceful views towards Purbeck and Poole Harbour.

MEMORIAL BENCHES

Memorial benches are placed throughout Harbour View, typically along pathways and hedgerows. All benches remain available for any visitor to use, even when fitted with a memorial plaque.

Families may purchase a brass plaque to commemorate a loved one, with the plaque position leased for as long as they wish, with no minimum term. Costs start from £5 per month, payable by direct debit.

BOOK OF REMEMBRANCE

While Harbour View does not have a printed book of remembrance, our website hosts a modern digital version. For every person who has died, their own dedicated page allows, families to add memories, stories, and photographs if they wish. This online book offers a meaningful memorial, especially for those who cannot visit Harbour View regularly.

FENCE RAILING PLAQUE

Post and rail fencing is used throughout Harbour View to define different areas, many of which are also used for scattering cremated remains. Families may choose a brass plaque to be fixed to a selected section of fence, engraved with their chosen wording. Plaque positions are leased for as long as the family wishes, with no minimum term, from £3 per month by direct debit.

CREMATORIUM | FUNERAL HOME | WOODLAND BURIAL GROUND

Pre Paid Funeral Plans

Planning ahead for your funeral is one of the most thoughtful things you can do. Many people never discuss their wishes, which can leave loved ones facing worry and uncertainty.

A funeral plan is a simple way to remove that burden — and it can offer real financial benefits too.

PLANNING AHEAD

Planning your own funeral is never easy, but a pre-paid plan can bring real peace of mind. Your wishes are recorded, and your chosen funeral director's costs are covered. If your requirements stay the same, your family won't pay anything further towards these costs, regardless of future price changes.

You can also include a contribution towards third-party fees such as cremation and officiant costs. These are outside our control, so if the plan value doesn't fully cover them at the time of need, there may be a balance to pay.

PERSONALISING YOUR FUNERAL PLAN

Every funeral at Harbour View is unique, and your plan can reflect that. Whether you prefer a simple cremation or a more detailed service, you can choose from set plans or create something truly personal. Once fully paid, plans can be amended or added to, and any special requests — such as music, readings, or personal touches — can be recorded and kept safely until needed.

BACKED BY A TRUSTED, NATIONAL PROVIDER

Our funeral plans are provided by Ecclesiastical Planning Services Limited, which is part of a specialist, UK-based financial services group. All funeral plan pre-payments are held in individual whole of life assurance policies for your peace of mind.

FLEXIBLE PAYMENT OPTIONS

Plans can be paid in a single payment, over instalments, or a combination of both. Instalments of two years or more include an additional cost and are subject to eligibility.

COSTS AND KEY INFORMATION

Costs vary depending on your choices, and we're always happy to help you create a plan that suits you. All plans include a £325 administration fee, charged by Ecclesiastical.

Tapper & Son (Poole) Ltd. trading as Tapper Funeral Service Limited is an Appointed Representative of Ecclesiastical Planning Services Limited Reg. No. 2644860, registered in England at Benefact House, 2000 Pioneer Avenue, Gloucester Business Park, Brockworth, Gloucester, GL3 4AW, UK, which is authorised and regulated by the Financial Conduct Authority. Firm Reference Number 958152. The Financial Conduct Authority regulates pre-paid funeral plans only.
