Terms and conditions apply to funeral plans - please ask us for a copy.

Notes:

- The Essential Plan includes all that is necessary to provide a funeral in the simplest way at the least expensive cost with it in mind that families may add to the provision should they wish at the time of need.
- The Classic Plan is a rounded and traditional package of services.
- * We have to make some assumptions when planning funerals as we will not know the circumstances of the death. Therefore, collection of the deceased from beyond a 20 miles radius and/or outside of normal working hours will incur an additional charge, as will care of the deceased for longer than 10 working days, any medical certificates that are required, or VAT should the current status of 'exempt from taxation' change in the future.
